### The Child Support Enforcement Division Presented in the Governor's Budget on December 15, 2008

This addendum reflects the changes made to the budget for the Child Support Enforcement Division as analyzed in the January 2009 Legislative Budget Analysis, Volume 4, which was based upon the November 15, 2008 executive budget submission.

The total funding for the division increases 22.3 percent when the 2009 and 2011 biennia are compared. The November 15, 2008 budget included a 25.09 percent increase when the 2009 and 2011 biennia are compared. The 2.79 percent reduction between the two executive budgets is primarily due to the addition of a present law request that reduces fuel inflation costs and a new proposal to increase vacancy savings from 4 percent to 7 percent.

### Changes or Additions

The following tables and narrative discuss the differences between the November 15, 2008 and the December 15, 2008 budgets.

The Executive Budget Reconciliation table on the following page shows the November 15<sup>th</sup> budget submission and the executive budget revisions. The top section of the table shows the November 15, 2008 executive submission and the total revised amounts from the December 15<sup>th</sup> budget. The middle and bottom sections of the table list the specific revisions by present law and then new proposals. LFD staff discussion follows this table.

The final table is the entire list of present law and new proposal requests included in the Governor's December, 15, 2008 budget.

## Present Law Adjustments

**DP 7101 – Fuel Inflation Reduction** – This request would reduce funding for gasoline and diesel by the amount that these two expenditure categories were increased in the statewide present law adjustment for inflation. The effect is to apply no inflation adjustment to these two expenditure categories. The total reduction for the biennium for the Child Support Enforcement Division is \$1,093 general fund, \$503 state special revenue, and \$1,698 federal revenue.

**DP 50002 – Child Support Enforcement Rent Increase** - The December 15, 2008 Governor's budget includes a total fund increase of \$50,850 to DP 20006. The increase comprises \$17,289 general fund and \$33,561 federal funds and is primarily to account for a higher square footage rate of \$23.13 in FY 2010 and \$23.36 in FY 2011 for division employees at the new South Pointe building in Helena.

The Governor requests nearly \$0.7 million for increases in rent for the biennium consisting of over \$0.2 million general fund and \$0.4 million federal funds.

#### **LFD ISSUE**

All Rent Costs May not be Needed

Nearly all of the request is based on staff presently located at the Northgate Village in Helena that are scheduled to relocate to a new building (called South Pointe) that is not yet built. The increase is based on a July 2009 move, but the actual date is uncertain. The staff located in the Northgate Village may have to move whether or not the South Pointe Building is ready. DPHHS maintains that if something else is located, rent costs would come in at about the same rate as the negotiated amount for the building that is not yet started.

However, about \$400,000 of the budget is based on a move in July 2009, which may not occur at that time and the total amount may not be needed.

If the legislature wishes to ensure that the funds in this request are not spent on other items if they are unused, it could restrict the \$400,000 to the single purpose of rent.

Additionally, \$50,850 of the request is for furniture, office equipment, and adding and moving telephones for the new building. This amount should be needed only once and depending upon completion of the new building, may not be needed at all. The legislature may wish to consider making this amount a one-time-only appropriation so it would be removed from the FY 2010 base. The legislature may also want to consider restricting the amount so funding could not be used for other things if it is unused or not needed in its entirety

## New Proposals

### *New to the November 15, 2008 Budget*

NP 8101 – Increasing 4% Vacancy Savings To 7% - This request would add an additional 3 percent per year to the 4 percent personal services vacancy savings reduction contained in the statewide present law adjustment. The proposal decreases the general fund by \$222,796 over the biennium, with decreases of \$64,373 and \$273,798 to state special revenue and federal revenue, respectively. Vacancy savings are discussed on page B-90 of the January 2009 Legislative Budget Analysis, Volume 4.
